Revell has also announced new **BATTLESTAR GALACTICA** models to celebrate the 30<sup>th</sup> anniversary of that Sci-Fi classic:

Colonial Viper (special edition)  
September  
Studio accurate kit with clear canopy, cockpit interior with pilot figure, corrected detail parts, expanded accurate decal set.

Cylon Basestar (special edition)  
October  
Studio accurate kit with newly tooled detail parts

Cylon Raider (special edition)  
November  
Studio accurate kit with newly tooled engine vanes and detail parts

Revell is also bringing back their "Dawn of Time" Snaptite Dinosaur kits. These are great fun and easy to assemble. Look for the Dimetrodon, Pteranodon, Ankylosaurus, Allosaurus, Styracosaurus, Triceratops and the Giant Woolly Mammoth. Some of these have already been released, the rest will follow throughout the year.

## ELECTRIC NEWS

There are 2 new micro helicopters that are taking electric flying to new levels of fun and ease:

### Blade CP Pro RTF .

Based on the tried and true Blade CP platform, the Blade CP Pro adds the lightweight power of a 3-cell 800mAh Li-Po battery pack, the lightning quick cyclic response of Bell-Hiller mixing, and the upright or inverted agility of symmetrical main rotor blades. Plus, it can easily be outfitted with brushless power and a heading lock gyro, without the need for a new radio system or difficult modifications. For red-hot micro heli aerobatics in about the time it takes for you to charge a battery pack, nothing can touch the cutting-edge Blade CP Pro.

RETAIL: \$319.99

OUR PRICE: \$249.00

## BLADE CX 2 RTF

The Blade CX2 is the first ready-to-fly aircraft of any kind to come with advanced 2.4GHz DSM radio control technology built in. With DSM you never have to worry about interference from other RC users, nearby 2.4GHz devices or commercial transmission towers. There is no tuning and no channels to select. Just power up and fly.

RETAIL: \$249.95  
OUR PRICE: \$189.95

We carry the repair/replacement parts for both these micro helis – and “you will need repair parts!”

## K-LINE BY LIONEL

Last year K-Line Trains closed their doors and Lionel Trains purchased them with the promise to continue the K-Line tradition.

The new K-Line by Lionel 2007 Premier Catalog has arrived! According to Lionel, the K-Line by Lionel will continue to offer a full line of engines, rolling stock, accessories and buildings. Besides many of the older offerings from K-Line, Lionel is presenting some new items, too. The new Pennsylvania and New Haven electric boxcars (due out in July, 2007) look really great and are priced at \$89.95. In 2005 K-Line announced a new and innovative operating roadway system with motorized vehicles. They are being offered now in this new catalog. Lionel is also bringing back the Ringling Brothers and Barnum and Bailey trains and the U.S. Quarters Commemorative car series. A lot of new and a lot of favorites are back.

The K-Line by Lionel 2007 Premier Catalog and the Lionel 2007, Volume 1 Catalog have arrived. Come in for your copy today.

Orders for these items are due in to Lionel by the end of February. Remember, many of these items are limited quantities – what is ordered is produced.

## PINEWOOD DERBY

Does your Scout or youth group have a pinewood derby event? We have accessories, decals, weights and even some pre-cut car designs. Stop in an look through our selection.
